

The Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I do not understand the reason behind a flat fee charge for long distance service on the prepaid phone cards I use for both my cellular and my land based phones. It seems only reasonable that the fees should be dependent on usage. I am a clergy woman serving a rural parish. I use my wireless phone for safety, security and so that my parishioners can reach me whenever they need me. As a clergy serving in a rural area my income does not allow for many frills. Nor I'm sure does the income from small family farms in appalachia which is characteristic of many of my parishioners allow for many frills. Please be reasonable and vote no on the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely Vicar Mary Louise 158 W. Ridge Lane Warriors Mark, PA  
16877

Sincerely,

Mary Louise Brown
